Notes From Elayne

When I became Executive Director of Leadership one of my Board Members was Mac Kingsmore the President of the Catonsville Community College. He invited me to serve on the college's Foundation Board. I was delighted – I had never served on a BIG board.

The best part of serving on that board was the board members, a group of men and women that were very dedicated to the college. One of those men was Henry Stansbury. Henry has served on the Leadership Board since 1997 and resigned this month because he now spends most of his time at his home on the Eastern Shore of Maryland. Both his son Jack, ('99) who is now President of Agency Insurance Company of Maryland, and daughter-in-law Mary ('00) participated in the Leadership Baltimore County program. Henry served on the Finance Committee and the Investment Committee. He has been my mentor, my advisor and most important, he has been a very special friend. He will be dearly missed.

The other person who will be missed dearly is L. Patrick Deering. Mr. Deering passed away on August 7, 2011. Most of you will remember him because he spoke at every LBC Opening Retreat and every Graduation. He would drive up to the Donald Brown Conference Center in Port Deposit, speak for 15 minutes and turn around and drive back to Baltimore. He always had the same message. Use the information you will be getting in the next 10 months to make a difference in the lives of people that have less than we do. At the Graduation, he repeated the same message – become involved in the community.

Patrick Deering's dream was to train business men and women to understand their responsibility to community by making Baltimore a better place to live and work. Please join all the Leadership classes in making his dream a reality by sending a contribution to the L. Patrick Deering Scholarship Fund. This fund will enable those organizations and/or individuals who can not afford the tuition the chance to participate.

Please kindly send your contribution to:

A Story Worth Telling...

Vicki McCormick, far right, with several art show participants from the shelter.

When Vicki McCormick graduated from Leadership Baltimore County in 2010, she wasn't sure what her "calling" was in regards to community service. A close friend shortly after graduation invited her to help out at the monthly birthday celebration at the Men's Westside Shelter in the Catonsville area. Vicki thought it was close by and convenient...why not! Apparently each month, the shelter would hold a monthly birthday celebration for those men living in the shelter. Vicki began to attend, even donating food, pizza, sodas, etc. and found herself getting to know some of the clients in the shelter.

One evening Vicki invited her significant other to the shelter, and he brought his guitar. A gentleman living in the shelter brought out his guitar, and they began to play together. A conversation was struck up about music and art, and Vicki soon discovered that several of the clients in the shelter were very talented and artistic. They began to show her their works of art and poetry, and that is when Vicki decided to do a wonderful thing.

A few weeks ago, Vicki organized an art show at the Catonsville United Methodist Church displaying the works of the men at the Westside Shelter. Works of art, poetry and music filled the room with a small gathering of individuals in the audience.

This story touched our hearts and even more importantly, touched the lives of individuals who are often somewhat invisible to the rest of the community. Vicki, what a wonderful deed you have done!

Doin' Good In The Neighborhood

- **Community Assistance Network's Annual Fundraiser Breakfast**
October 19-Oregon Ridge Park 8:00-10:00 a.m.
Community Assistance Network operates three shelters in the Baltimore County area, accounting for over 75% of the county's homeless and emergency beds. In addition, CAN operates several large food pantries for those in need in the County, serving over 1700 struggling families. Help support the efforts of CAN through sponsorship or purchase of tickets. Contact [LBC Alum Suzy Beegle at sbeegle@dhr.state.md.us](mailto:sbeegle@dhr.state.md.us) for details.
- **Dundalk High School's restructuring and reorganization recently took center stage in a Baltimore Sun article featuring Tom Shouldice-LBC Class of 2009.**

MEMBERSHIP MATTERS

LBC's Membership Events and Community Outreach Committee organized our recent Alumni Breakfast featuring Jim Paquette, assistant vice president and Athletic Director for Loyola University, and Mike Waddell, Athletic Director for Towson University.

Loyola's Ridley Stadium was the backdrop for an informational morning of discussion and Q&A about the impact of Division I athletics in the Baltimore Metro area.

Many thanks to Howard Feldman, Frank Kaul, Lori Rogers, Eric Hadaway and Liz Oliveros for their efforts in putting together our first LBC Alumni event of the season.

The LBC Alumni was hard at work during our 1st community service outreach day of the season. The not for profit Civic Works directed our members in a day-long project to beautify Mother's Garden, an existing garden that needed some love and attention, at Clifton Mansion.

Members were encouraged to bring friends and colleagues, and a few LBC alums brought their children to help with some weeding and gardening.

If you have a suggestion for a community service project, please contact Stefanie Penn at the LBC offices at 410-583-5236.
